Brookfield Residential named ‘Best Homebuilder’

Popular vote by magazine readers makes it official: None better!

CENTENNIAL, Colo. (May 4, 2016) – An online vote by the readers of [ColoradoBiz Magazine](#) has established that [Brookfield Residential of Colorado](#) is the Best Homebuilder in the state.

Brookfield Residential has developed masterplan communities throughout the Denver Metro Area, and the latest one is the Barefoot Lakes community in Firestone, Colo., immediately east of I-25.

Brookfield has won numerous industry awards for the especially appealing architecture of its Signature Portfolio homes, available in Midtown (Denver) and Solterra (Lakewood). Brookfield also offers its Tealight Portfolio in Midtown and Brighton Crossing, its Duet Portfolio in Midtown and Solterra, its Big Sky portfolio in Tallyn’s Reach (Aurora), and its Freestyle portfolio in Brighton Crossing.

While the homes vary in style, square footage, lot size and pricing, they all comply with Energy Star requirements for the most modern energy efficiency. A hallmark of Brookfield homes is the openness of the floor plans and the amount of light available via the number, size and strategic placement of the windows.

Brookfield has operated in the Denver market as a developer since 1997, but only began building and selling its own homes here in 2013.

“It is gratifying to know that we are considered best among a large group of excellent homebuilders in this state,” said Brookfield President Rick Dengler; “and it is particularly gratifying that we were able to achieve this status in such a relatively short amount of time. We think this is a testament to the local home-buyers’ understanding of what really goes into the construction of a quality home.”
